

**Thank you for expressing an interest in Mr. Technique developing your website. Our primary goal is to help give you the very best online presence. In order to formulate a proper quote for you, please answer the following 15 questions.**

1. What is your estimated budget for having a website developed?
2. What specific features would you like on your website such as an online chat, blog, forum, photo gallery, event calendar, guest book, etc?
3. Do you have a domain name (for example, [www.yourwebsite.com](http://www.yourwebsite.com))?
4. If yes to question 3, do you have a web hosting account with a provider?
5. Please provide us with some websites which appeal to you.
6. What is it about certain websites that you do not like?
7. Do you have any photos that you would like to use? If so, are they in digital format or do they need to be scanned?

8. Will text be provided in a file or will it be hand written?
  
9. Would you need to update the website content yourself?
  
10. If no to question 9, how often would you need your website updated?
  
11. What sections would you like on your website (i.e. Home, Bio, Contact, etc.)?
  
12. How many pages do you think you will have on your website?
  
13. Do you have a logo? If so, is it in digital format or does it need to be scanned? If not, would you need us to design one for you?
  
14. What is the time frame for completion?
  
15. Please feel free to list any additional comments that you feel are important in the development of your website
